Dear Mr. Terry,

RE: CONFORMANCE TO DFS OIL SPECIFICATION 93K218

Results from engine and bench tests, in accordance with DFS Oil Specification 93K218, have been presented to TEI for review as requested by DDC. In view of the results, we would like to make the following comments.

The results reported on the registration request have been found to be within DFS Oil Specification 93K218 limits and specification; hence oils formulated as stated in your request can be labeled as conforming to DFS Oil Specification 93K218.

Company Name: Calumet Specialty Products Partners, L.P.

Product Name: Hyperion Ultra Multigrade Engine oil 15W-40

SAE Grade: 15W-40

The oil shall be used per the ambient temperature and grade guidelines in the engine specific Operation and Maintenance (O & M) manual, as well as in any DDC service documents.

Please notify TEI and DDC immediately if, for any reason, the formulation for this oil changes. Changes to the oil formulation, without written approval, may void this letter of conformance. In addition, as per DFS Oil Specification 93K218, this product is subject to future field sample analysis for compliance.

Sincerely,

Steve L. Gearhart

DISCLAIMER: Additive package registration means the manufacturer or marketer has faithfully collected information pertinent to the requirements of the specification and with the full intention to conform to that specification. However, it is still the responsibility of the manufacturer or marketer to ensure satisfactory performance of its products in all aspects at all times. Registration for DFS Oil Specification 93K218 does not waive the liability of the manufacturer or the marketer. DDC does not warrant the performance of non-DDC products, registered or not.
